Dear Mr. Gallegos.:

**SUBJECT:** Conformity Determination for SANDAG's 2008 Regional Transportation Improvement Program and Conformity Redetermination for SANDAG's 2030 Regional Transportation Plan

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) have completed our review of the conformity determination for the San Diego Association of Governments' (SANDAG) 2008 Regional Transportation Improvement Program (RTIP) and 2030 Regional Transportation Plan (RTP). A FTA/FHWA air quality conformity determination is required for the new 2008 RTIP pursuant to the Environmental Protection Agency's (EPA) *Transportation Conformity Rule*, 40 CFR Parts 51 and 93, and the United States Department of Transportation's *Metropolitan Planning Rule*, 23 CFR Part 450. An air quality conformity redetermination is also being made for the 2030 RTP as part of the 2008 RTIP update process.

On July 25, 2008, SANDAG adopted the 2008 RTIP and made the corresponding conformity determinations via Resolution 2009-01. The conformity analysis submitted by SANDAG indicates that all air quality conformity requirements have been met. Based on our review, we find that the 2008 RTIP and 2030 RTP conform to the applicable state implementation plan in accordance with the provisions of 40 CFR Parts 51 and 93. In accordance with the July 15, 2004, *Memorandum of Understanding (MOU) between the Federal Highway Administration, California Division and the Federal Transit Administration, Region IX*, the FTA has concurred with this conformity determination. Additionally, this conformity determination was made after consultation with the EPA, Region 9 office.

In accordance with the above MOU, the FHWA's single signature constitutes FHWA and FTA's joint air quality conformity determination for SANDAG's new 2008 RTIP and conformity redetermination for SANDAG's 2030 RTP. If you have any questions pertaining to this conformity finding, please contact Stew Sonnenberg, FHWA, at (916) 498-5889.

Sincerely,

/s/ *K. Sue Kiser*
