Influenza & Pneumonia: ICD-10 codes J10-J18; (2007-2010 includes ICD-10 code J09) as underlying cause of death

* Rate not calculated for fewer than 20 deaths in this category.

^a All rates are per 100,000 population. Rates may vary slightly from previously published data due to updated population estimates.

^b Adjusted rates are adjusted to 2000 U.S. Standard Population.

^c Deaths with unknown age, region or race/ethnicity are reflected in the county total, but not in the individual categories. Category sums may not add up to county total.

^d Race/ethnicity data may be different from previously published data due to reporting modifications.

^e In 2007, ICD-10 code J09, Influenza due to identified avian influenza virus, was added to the Influenza and Pneumonia category. In 2009, the ICD-10 code J09 was changed to Influenza due to certain identified influenza virus to accommodate deaths from influenza A (H1N1) virus.
