Parkinson's Disease: ICD-10 codes G20-G21 as underlying cause of death

* Rate not calculated for fewer than 20 deaths in this category.

[a] All rates are per 100,000 population. Rates may vary slightly from previously published data due to updated population estimates.

[b] Adjusted rates are adjusted to 2000 U.S. Standard Population.

[c] Deaths with unknown age, region or race/ethnicity are reflected in the county total, but not in the individual categories. Category sums may not add up to county total.

[d] Race/ethnicity data may be different from previously published data due to reporting modifications.
