Shaded box indicates year disease became reportable to CA Dept of Health Services; for diseases with no shaded box the disease was reportable throughout the entire period. Some diseases have cases reported prior to the year they became reportable.

# AIDS cases are reported by year of diagnosis. Due to delays between diagnosis and report, AIDS cases for 2005 will continue to be reported into mid to late 2006.

\* These conditions are reportable as unusual disease occurrences

¶ Excludes single cases of Scombroid Fish Poisoning

§ Positive laboratory tests as reported to the CA State Veterinary Unit; includes animals tested by Public Health Laboratory & County Veterinarian

μ Voluntarily reportable by request of the local health officer

Produced by the Community Epidemiology Branch 5/1/07
