

THE CITY OF SAN DIEGO

Construction, Demolition and Yard Waste Recycling Guide

Save Money and Help Extend the Life of the Miramar Landfill

Why Recycle

- The Miramar landfill is currently expected to close in 2012.
- Construction and demolition debris (C&D) is 35 percent of what is buried at the Miramar Landfill
- Recycling helps prolong the life of the Miramar Landfill
- Recycling can save you money

Save an Average of 50 to 70 percent on Tipping Fees

Average cost of disposing mixed waste at the Miramar Landfill.....\$43.00/ton

Average cost of recycling yard waste at the Miramar Greenery.....\$22.00/ton

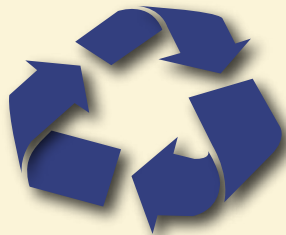

Average cost of recycling concrete at a recycling facility.....\$10.00/ton

What to Recycle

Recycle yard waste and construction and demolition debris. Examples include:

Construction and Demolition Debris - clean wood, dirt, concrete, metals, cardboard, carpet and carpet pad.

Yard Waste - grass clippings, leaves, branches, unpainted wood, shrub and tree clippings.

For More Information

Additional recycling facilities can be found in surrounding communities. Visit www.recycleorelse.com or call the City of San Diego Environmental Services Department at 858-694-7000 for a map and list.

This information is available in alternative formats upon request.

How to Recycle

It's Easy!

- 1** Plan recycling before beginning a job.
- 2** Assign separate bins for different materials.
- 3** Place clear signage on each bin.
- 4** Train staff and subcontractors.
- 5** Use this guide to find a recycling location close to your construction site.
